

# COVID-19: We're in This Together

Let's work together to stay healthy and worship safely in the sanctuary.

## **What We're Doing:**

- The sanctuary and other high-traffic areas are being sanitized regularly.
- Our worship services are socially distanced (at least six feet between households) and "touchless."
- There is no coffee hour.

## **How You Can Help:**

- If you don't feel well or have health concerns - or if you've recently traveled outside the tristate area - please stay home and worship with us online.
- Wear a face covering while inside the building.
- Maintain a distance of six feet between yourself and other worshipers.
- Follow the direction of the arrows on the floor.
- Refrain from singing during worship. Humming along is encouraged!
